

# VeraCare Hospice

## “Evenmore Care”

**VeraCare Hospice** offers the Evenmore Care program to every patient and family member, whenever it is needed, for the course of your time with us. It is initiated by the hospice team when there is a change in the patient's condition that warrants “Evenmore.”

Examples include:

- Providing extra care items
- Increasing visit frequencies
- Emotional support for the family
- Providing a caring person at the patient's side during critical times

Expect more from us. We do.

# VeraCare Hospice

## “Gift of a Day”

### Life Enrichment

It starts with a question:

“If you had one perfect day, what would it look like?” This is what we ask our patients as part of the “Gift of a Day” program. Staff members, volunteers, and local businesses work together to bring these perfect days to life.

Examples include:

- Big birthday party
- Dance lessons
- Trip to a ball game
- Dinner at a favorite restaurant
- Spa day
- Fishing trip
